The Records Manager will also waive or reduce fees, upon proper request, if disclosure of the information is in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the System and is not primarily in the commercial interest of the requester.

§ 1665.1 Rules for determining if an individual is the subject of a record.

(a) Individuals desiring to know if a specific system of records maintained by the Selective Service System (SSS) contains a record pertaining to them should address their inquiries to the Selective Service System, ATTN:

Selective Service System

§ 1665.2

Records Manager, Public & Intergovernmental Affairs, Arlington, VA 22209-2425. The written inquiry should contain a specific reference to the system of records maintained by Selective Service listed in the SSS Notices of Systems of Records or it should describe the type of record in sufficient detail to reasonably identify the system of records. Notice of SSS Systems of Records subject to the Privacy Act is in the FEDERAL REGISTER and copies of the notices will be available upon request to the records manager. A compilation of such notices will also be made and published by the Office of Federal Register, in accord with section 5 U.S.C. 552a(f).

(b) At a minimum, the request should also contain sufficient information to identify the requester in order to allow SSS to determine if there is a record pertaining to that individual in a particular system of records. In instances when the information is insufficient to insure that disclosure will be to the individual to whom the information pertains, in view of the sensitivity of the information, SSS reserves the right to ask the requester for additional identifying information.

(c) Ordinarily the requester will be informed whether the named system of records contains a record pertaining to the requester within 10 days of receipt of such a request (excluding Saturdays, Sundays, and legal federal holidays). Such a response will also contain or reference the procedures which must be followed by the individual making the request in order to gain access to the record.

(d) Whenever a response cannot be made within the 10 days, the records manager will inform the requester of the reason for the delay and the date by which a response may be anticipated.

§ 1665.2 Requests for access.

(a) Requirement for written requests. Individuals desiring to gain access to a record pertaining to them in a system of records maintained by SSS must submit their request in writing in accord with the procedures set forth in paragraph (b) below.

(b) *Procedures*—(1) *Content of the request.* (i) The request for access to a record in a system of records shall be addressed to the records manager, at the address cited above, and shall name the system of records or contain a description of such system of records. The request should state that the request is pursuant to the Privacy Act of 1974. In the absence of specifying solely the Privacy Act of 1974 and, if the request may be processed under both the Freedom of Information Act and the Privacy Act and the request specifies both or neither act, the procedures under the Privacy Act of 1974 will be employed. The individual will be advised that the procedures of the Privacy Act will be utilized, of the existence and the general effect of the Freedom of Information Act, and the difference between procedures under the two acts (e.g. fees, time limits, access). The request should contain necessary information to verify the identity of the requester (see §1665.2(b)(2)(vi)). In addition, the requester should include any other information which may assist in the rapid identification of the record for which access is being requested (e.g., maiden name, dates of employment, etc.) as well as any other identifying information contained in and required by SSS Notice of Systems of Records.

(ii) If the request for access follows a prior request under §1665.1, the same identifying information need not be included in the request for access if a reference is made to that prior correspondence, or a copy of the SSS response to that request is attached.

(iii) If the individual specifically desires a copy of the record, the request should so specify.

(2) *SSS action on request.* A request for access will ordinarily be answered within 10 days, except when the records manager determines that access cannot be afforded in that time, in which case the requester will be informed of the reason for the delay and an estimated date by which the request will be answered. Normally access will be granted within 30 days from the date the request was received by the Selective Service System. At a minimum, the answer to the request for access shall include the following:
